**TORONTO, CANADA  
OCT 12 - OCT 15, 2011**

## INTRODUCTION

The TWENTY FOURTH INTERNATIONAL COURSE ON THERAPEUTIC ENDOSCOPY organized by the Therapeutic Endoscopy Group of St. Michael's, will be held at the Four Seasons Hotel, Toronto, Canada on October 12,13,14 and 15, 2011. The first course was held at the Wellesley Hospital in October 1983. In 2001 the Wellesley Group moved to the new endoscopy unit at St. Michael's and continues as the Therapeutic Endoscopy Group.

Our goal is to demonstrate and teach endoscopic techniques to practicing physicians and to build on the success of the preceding twenty three courses. Live video transmission from the new Endoscopy Unit at St. Michael's to the Conference Centre at the Four Seasons Hotel will allow two-way communication between the registrants and the faculty. These transmissions will demonstrate a wide range of the latest therapeutic endoscopy techniques, treatments and assessments by international experts.
